

Maryland
Department of Human Services
SOCIAL SERVICES ADMINISTRATION

PSYCHOTROPIC MEDICATION TRAINING NOW AVAILABLE

REGISTER AND COMPLETE THE TRAINING TODAY!

This training provides an overview of the process for managing and overseeing the use of psychotropic medications for children in out-of-home care. The training also provides background information on the various types of prescribed psychotropic medications and their intended uses.

WHO SHOULD REGISTER:

Kinship Caregivers, Resource Parents, Child Placing Agency Staff, Residential Child Care Staff

Resource parents licensed by local departments of social services must complete the training through the Child Welfare Academy using this link (to the QR Code left) if they wish to receive training hour credit.
