

2025

MRPA VIRTUAL KINSHIP SUPPORT GROUP

Hosted by the Maryland Resource Parent Association

TOPIC: Navigating Holiday Challenges Through Lived Caregiver Experience Part 1

Led by our very own Joanna Abruscato – MRPA President and experienced kinship parent. Joanna has been a foster/kinship parent for over 4 years and brings valuable insight, compassion, and understanding to this supportive space.

Caregiving during the holidays can bring unique challenges and emotional moments for children and families. Changes in routine, increased activities, and family contact can sometimes lead to behaviors that feel difficult to navigate. This discussion will draw on lived experiences from fellow caregivers to share practical ideas, support one another, and explore ways to make the season less stressful for everyone.

Whether you're facing challenges or simply want to connect with other kinship caregivers, you are not alone – and you are welcome here.

A 1-hour training certificate will be awarded
